

To,

The Principal,

Joymax School

Subject: Medical Fitness Certificate for School Rejoining

Respected Sir/Madam,

This is to certify that Ms. Akansha Jaiswar, a student of Class 10th of your esteemed institution, was diagnosed with Tuberculosis (TB) approximately five months ago. She has been under my medical supervision during the entire treatment period.

I hereby confirm that:

- She has completed her full course of TB medication as per standard medical guidelines.
- Her recent medical check-up and reports indicate that she is now fully recovered.
- She is medically fit, non-infectious, and physically capable of attending school regularly.
- There is no risk to her classmates or school staff.

In view of her complete recovery, she may be permitted to attend school without any restrictions.

If any further information or medical clarification is required, I am available and will be happy to assist.

Regards,

Dr. Jaswant Singh
